Left: Tom Hutchinson and Luke won the three-day pioneer ride. "One of the things that makes Luke so good is that he drinks anywhere he can on the trail. He will climb into the worst ditch or bog, as long as he can keep one foot on something solid, and drink." Luke won BC on the 55-mile day and for the pioneer event. **Center:** Tovaric and Iron Wyll stop on a dime to pose for the photographer, discombobulating riders Julie Bullock and Debbie Bullis. **Above:** Although Valerie Kanavy thought her daughter Danielle would win the 100-mile AERC/FEI ride, it was Valerie who crossed the finish line first, 27 seconds ahead of her daughter, in 8:29. After the finish, Danielle said, "Ali, the horse I was riding, was willing to do a 10-12 mph trot, but didn't want to do more. . . . Finishing second to our other horse was fine." **Bottom left:** Hernan Barbosa and Beaujolas, owned by Steve Rojek, are followed by Steve on Ali King and James Davidson on Micah on the 50-mile FITS Ride (second day).
